Self Intro: My hobbies include keeping fit and living a balanced lifestyle. I am constantly thinking of ways to optimize how humans can interact with tools around us to optimize our daily living efficiencies.

EDUCATION

Singapore University of Technology and Design (SUTD) — **Singapore**
- Bachelor of Engineering with Honors (Engineering Systems Design) Minor in Human-Centred Design — **Sept '24 to Present**
- Specialization Track: Business Analytics and Operations Research, Supply Chain and Logistics

Temasek Polytechnic (TP) — **Singapore**
- Graduated with a Diploma in Mechatronics (CGPA: 3.77) — **Apr '19 to Apr '22**

WORK EXPERIENCES

Radiant Digital Pte. Ltd, Co-Founder *End-to-end consulting for AI tools, GTM and branding* — **Singapore**
- Led operations and product management of Cadence, AI Lead Capturing platform. — **Apr '26 - Present**
- Handle client onboarding defining architecture, workflows and knowledge base.
- Commissioned 5-figure deal within the first 6 months of building.

Love, Bonito, Supply Chain Intern (DCOps) *Handling distribution centre operations globally* — **Singapore**
- Implemented queries on Metabase (SQL) to analyze and visualize data efficiently. — **Aug '26 - Present**
- Ran User Acceptance Testing (UAT) for the SAP, OMS and WMS integration with the Singapore and Malaysia distribution centers.
- Constructed SOPs and work instructions for internal and external parties for warehouse procedures.

The Robot Company, Robotics Engineer *AI Robotics Deployment* — **Singapore**
- Engineered and deployed full-swerve robotic system for AI Engineer Singapore 2026. — **May '26**
- Coordinated end-to-end logistics and deployment planning bridging technical execution and operational delivery.
- Designed and implemented electrical and mechanical schematics to achieve balance between batter life, weight, payload etc.

Aptura, Project Manager *Data labelling for frontier AI foundation models* — **London, UK**
- Implemented operations workflow to manage 50+ finance experts (previously 6) for AI data labelling. — **Oct '25 to Nov '25**
- Streamlined onboarding process and resolved cross-domain bottlenecks, improving onboarding efficiency by 3-4x.
- Developed data analytics process to track payments and efficiency of finance experts in-person and remote.
- Collaborated closely with technology team to implement data-driven dashboards.

Halogen Foundation, Associate Volunteer — **Singapore**
- Served as a mentor, fostering student confidence, collaboration and curiosity in learning environments. — **Jan '19 to May '22**
- Led and facilitated business and leadership training modules for secondary school students, focusing on the development of entrepreneurial mindset, strategic thinking and core soft skills.

ACADEMIC RESEARCH PROJECTS

Infineon Technologies — **Singapore**
Data & Business Analytics, Client Project — **Jan '26 to Apr '26**
- Recipient of Credit Bureau Singapore Data and Business Analytics Project Award 2026
- Architected a fully functional Multi-Modal Retrieval Augmented Generation (RAG) pipeline.
- Engineered a dual-path hybrid search architecture with a custom score fusion matrix to eliminate data loss.
- Achieved 96% overall accuracy score using an automated LLM-as-a-judge evaluation framework.

CO-CURRICULAR ACTIVITIES

Temasek Polytechnic Swimming & Lifesaving — **Singapore**
Captain, Swimming Team — **Apr' 20 to Apr' 22**
- Led the team to back-to-back Championship Titles (POL-ITE & IVP Games)

ADDITIONAL INFORMATION

- Technical Skills: Python, SQL, R, C++, ERP Systems, Project Management
- Tools/Software: SAP, Metabase, Microsoft Excel, Autodesk Fusion, SolidWorks, WeBots, Isaac-Sim
- Language Proficiency: English, Chinese
